

Moon River Campsite: For this season, we are delighted to add a stunning lakeside campsite to our select roster of beautiful venues. We have 200 acres of stunning Sussex countryside to enjoy with full exclusive use of The Soul Camp campsite field, and exclusive access to other public areas of the site including professional conference facilities and a Bistro. The nature of this campsite means it's perfect for those wanting lots of physical activities with options from water sports to cycling, and, The Soul Camp's bespoke bushcraft team-building activities.

Structures and Facilities: For presentations and meetings, you can choose from a selection of marquees, from functional marquees to bespoke funky 'presentation villages', or, take advantage of the onsite professional conference centre for up to 150 guests (theatre style) with a large plasma screen, with teas, coffees, water and biscuits available all day.

Breakouts and catering can be provided by the adjoining Bistro space and balcony with stunning views across the lake, this combination offers an exciting, professional yet invigorating space for all types of corporate events. If you'd like music and a party, we can accommodate you in a marquee in The Soul Camp campsite (with volume and time restrictions), or in the Bistro with less restrictions for a good party!

Accommodation: All our campsites offer a fun selection and comfy different luxury glamping options to give a 'glamping village' feel. Bedding can be anything required according to budget; the images below are based on Egyptian cotton fabrics and towels with cosy duvets for each guest. Accommodation option examples could be (but not limited to); lovely traditional Bell Tents, Yurts, Tipis and the very cool new Unidomes.

Most clients select shared glamping with typically up to 5 or 6 guests sharing each bell tent, we can also offer single or twin occupancy glamping tents. If budget allows, a great addition to any corporate glamping events is a 'Girls' and 'Boys' Pamper tent! These large Bell Tents have electricity, mirrors, lighting, hair dryers and points for electric razors and places to charge mobiles.

Catering and entertainment: We can provide a variety of local, wholesome food including vegan and vegetarian options. A great catering idea is exciting street food, stalls or vans and hog roasts, catering can of course be formal if required. We also have a roster of talented performers from storytellers to mesmerising fire shows and musical performances.
