

The Soul House Campsite: This stunning Grade II* listed country house has a relaxed atmosphere and a unique 'faded art deco glory' feel - most of the decor in the house is original from 1930 when it was last decorated, it's a truly remarkable space, a bit like being in a film set! Exclusive hire includes use for the ground floor, featuring the Lobby, Drawing Room, Dining Room, Kitchen and Ballroom. The campsite features stunning views across the valley, a huge central firepit and large reclaimed wooden picnic tables. The lovely village of Burwash in East Sussex is just a 10 minute walk across beautiful countryside and features two pubs and a shop, and some B&Bs if required.

Structures: For presentations and meetings, choose from a selection of marquees from functional marquees to bespoke funky 'presentation villages'. The rooms in the house are perfect for breakout sessions or setting up a bar or buffet meal, and the Ballroom is ideal for a party with dancing and music until very late. The Ballroom is also perfect for meetings of up to around 50 people.

We can provide bespoke arrangements of structures with traditional marquees or an eclectic selection of exciting and unusual marquees including smaller breakout spaces. With all structures, a good arrangement is to have some seating and furniture inside, and some outside, this offers guests the choice to sit in the sun or under shade while eating or relaxing, or for breakouts.

Accommodation: All our campsites offer a fun selection and comfy different luxury glamping options to give a 'glamping village' feel. Bedding can be anything required according to budget; the images below are based on Egyptian cotton fabrics and towels with cosy duvets for each guest. Accommodation option examples could be (but not limited to); lovely traditional Bell Tents, Yurts, Tipis and the very cool new Unidomes.

Most clients select shared glamping with typically up to 5 or 6 guests sharing each bell tent, we can also offer single or twin occupancy glamping tents. If budget allows, a great addition to any corporate glamping events is a 'Girls' and 'Boys' Pamper tent! These large Bell Tents have electricity, mirrors, lighting, hair dryers and points for electric razors and places to charge mobiles.

Catering and entertainment: We can provide a variety of local, wholesome food including vegan and vegetarian options. A great catering idea is exciting street food, stalls or vans and hog roasts, catering can of course be formal if required. We also have a roster of talented performers from storytellers to mesmerising fire shows and musical performances.
